## CERTIFICATE OF APPRECIATION

This is to place on record my appreciation, as the Chairman of the HEPC, for the path-breaking efforts on the part of Mr. Noor Mohamed Lodhia to introduce a large number of Indian handloom products to new markets, and in particular the U.S. market. It has largely been due to Mr. Noor Mohamed Lodhia's single handed efforts and devotion to the cause of Indian handlooms that a vast range of Indian made items including barmops and kitchen towels have captured the imagination of consumers not only in USA but also in Canada.

I once again congratulate Mr.Noor Mohamed Lodhia for the pioneering role that he played in the promotion of Indian handloom products.

(M.A. RAMASAMY)
